CITY OF BELLEVUE, WASHINGTON

ORDINANCE NO. 4499

AN ORDINANCE relating to the Transportation Commission and responsibility for long-range transportation planning; and amending Section 1 (part) of Ordinance No. 4036 and Section 3.63.070 of the Bellevue City Code.

THE CITY COUNCIL OF THE CITY OF BELLEVUE, WASHINGTON, DOES ORDAIN AS FOLLOWS:

Section 1. Section 1 (part) of Ordinance No. 4036 and Section 3.63.070 of the Bellevue City Code is hereby amended to read as follows:

3.63.070 Powers and Duties.

The commission shall act in a policy advisory capacity to the city council. To that end, the commission may hold public hearings and shall make such studies, analyses and reports as are required by the traffic standards code or requested by the city council and shall review, advise and make recommendations to the city council as needed, regarding:

A. The preparation of transportation facilities plans as provided for by Section 14.10.030(A) of this code;

B. The progress of transportation facilities plans and corrective actions as required by Section 14.10.045(A) of this code;

C. The progress of implementation schedules for the first twenty-four-month period of each plan and the validity of the land use assumptions which were used in the plan as required by Section 14.10.045(B) of this code;

D. The progress of the implementation schedule and level of service analysis for each plan for the first thirty-six-month period of the plan as required by Section 14.10.045(C) of this code;

E. The progress of the implementation schedule and level of service analysis for each plan for the first forty-eight-month period of the plan as required by Section 14.10.045(D) of this code. Therewith the commission shall report on the validity of the land use assumptions on which the plan is based and determine whether the congestion limitation for the plan has been exceeded;

F. Changes to the traffic standards code or other city regulations or programs regarding transportation management as required by Section 14.10.045 of this code;

G. Long-range and short-range funding programs for transportation facilities;

H. Make recommendations whether libraries and not-for-profit hospitals should be exempted from the requirements of the traffic standards code;

I. Short-term planning studies and implementation programs;

J. Capital improvement program (C.I.P.) and six-year transportation improvement program (Six-year T.I.P.) project prioritization;

K. Nonmotorized system implementation programs;

L. Construction design standards;

M. Any other activities that the city council may so direct;

N. Coordination of duties with other council-appointed boards, committees and commissions, as appropriate;

O. Long-range transportation planning; including participation with the Planning Commission in preparing, reviewing and recommending comprehensive plan updates and subarea transportation plans; provided, that the Planning Commission shall review and make final recommendations to the City Council on all matters which will be adopted by the City Council as part of the comprehensive plan.

Provided that the commission shall not be responsible for traffic operations and street maintenance activities where professional staff receives clear direction from city council.
