

CITY OF BELLEVUE, WASHINGTON

ORDINANCE NO. 5944

AN ORDINANCE imposing an interim official control extending the life of certain preliminary short plat approvals; declaring an emergency, providing for severability, and establishing an immediate effective date.

WHEREAS, the Bellevue City Council adopted LUC 20.45B.150 establishing the time and conditions when preliminary short plats expire, and LUC 20.45B.160 authorizing extensions of the expiration period; and

WHEREAS, under Washington law and the Land Use Code, vesting occurs with the submittal of a complete application for a preliminary short plat approval; and

WHEREAS, under the Bellevue Land Use Code, vesting expires when the preliminary short plat approval expires; and

WHEREAS, the current recession has created significant barriers for new commercial and residential development, putting projects approved within the last few years or currently under construction at risk of failure; and

WHEREAS, staff presented information to the City Council on February 22, 2010, demonstrating that certain preliminary short plat approvals will expire over the next year; and

WHEREAS, if the preliminary short plat approvals are allowed to expire, the current condition of the financial markets will render it difficult, if not impossible for developers to either sell projects or obtain capital necessary or to restart or complete projects; and

WHEREAS, once preliminary short plat approvals expire, project proponents are required to re-apply, adding additional time and cost to projects; and

WHEREAS, allowing preliminary short plat approvals to expire may expose the City to consequences in the form of decreased tax revenues, underutilized and vacant land, and the long-term impacts associated with abandoned construction sites; and

WHEREAS, the City has a compelling interest in the protection of the health and safety of all of its residents, as well as a compelling interest in ensuring that the goals and policies contained within the Comprehensive Plan and other policy/planning documents are fulfilled; and

WHEREAS, for the reasons set forth above, the City Council finds an emergency exists within the city, and that adoption of this ordinance is necessary for the immediate preservation of the public peace, health, safety, and welfare; and

WHEREAS, RCW 35A.63.220 and the Growth Management Act at RCW 36.70A.390 , authorizes cities to adopt interim official controls provided the City Council holds a public hearing on the interim official control or ordinance within 60 days of the commencement of this ordinance; and

WHEREAS, pursuant to RCW 35A.13.190, ordinances may take effect and be in force immediately upon adoption, provided the ordinance is passed by a majority plus one of the whole membership of the Council, and provided the Council declares an emergency exists thereby necessitating adoption of the ordinance, and

WHEREAS, pursuant to WAC 197-11-880, the adoption of this ordinance is exempt from environmental review under the State Environmental Policy Act; and

WHEREAS, the City Council adopts the foregoing as its findings of fact justifying adoption of this ordinance; now, therefore
