

CITY OF BELLEVUE, WASHINGTON

ORDINANCE NO. 6694

AN ORDINANCE establishing revised sewerage service charges for the Sewer Utility for the City of Bellevue; repealing Ordinance No. 6553; providing for severability; and establishing an effective date.

WHEREAS, the Environmental Services Commission has reviewed the Sewer Utility budget and rate proposal, held a public hearing thereon and recommended approval of the proposal; and

WHEREAS, it is in the public interest to establish the following amended schedule of rates and charges for the sewerage service area for the Sewer Utility of the City of Bellevue; now, therefore,

THE CITY COUNCIL OF THE CITY OF BELLEVUE, WASHINGTON, DOES ORDAIN AS FOLLOWS:

Section 1. Charges Established. There are hereby established and shall be collected from each user in the sewerage service area for the Sewer Utility of the City of Bellevue sewerage service charges as hereinafter provided.

Section 2. Single Family Residential Structures.

A. The service charge for single-family residential units shall be \$104.22 per bimonthly billing period in 2023 and \$110.22 per bimonthly billing period in 2024, plus a volume charge based on the bimonthly winter-average water consumption for the structure, as follows:

<u>Winter-Average Cubic Feet Consumed</u>	<u>Charge Per Hundred Cubic Feet of Water</u>	
	<u>2023</u>	<u>2024</u>
0 to 5,000	\$5.71	\$6.17
Over 5,000	\$7.37	\$7.97

B. For purposes of these charges, winter-average consumption is the average bimonthly water volume recorded on three normal meter readings during the period of December 15 through June 15 of the preceding year. Winter-average consumption for each residence will be recomputed before the start of each year and that volume will be used to compute the bimonthly sewer volume charge for the residence for the entire calendar year.

C. For those residences that are not Bellevue water customers, actual meter reading data necessary to compute the residence's winter-average water consumption will be obtained from the customer's water district, whenever possible. Where that data is unavailable and for new structures where water consumption data necessary to compute actual winter-average consumption has not been recorded, bimonthly sewer volume charges for the residence will be based on Bellevue's system-wide winter-average residential consumption of 1,500 cubic feet for a two-month period.

Section 3. Multifamily Residential Structures or Facilities.

The service charge for each multifamily residential structure or facility shall be \$123.33 for 2023, and \$131.72 for 2024 per bimonthly billing period for each dwelling unit, plus \$10.18 for 2023 and \$10.87 for 2024 per 100 cubic feet of water consumed by such structure or facility in excess of 1,100 cubic feet per dwelling unit during each bimonthly billing period.

For the purposes of this Section 3, "multifamily residential structure or facility" shall mean any residential structure or facility containing two or more dwelling units, including but not limited to duplexes, triplexes, apartment buildings, condominiums, and parcels containing two or more separate dwelling units, but shall not include hotels, motels or trailer parks. Mixed-use structures that include both multi-family dwelling units and commercial non-residential units and that are served by one water meter shall be billed as multi-family.

Section 4. Non-residential Structures or Facilities.

A. The service charge for non-residential structures or facilities shall be based on water consumption by each structure or facility and shall be computed as follows:

\$12.19 for 2023, and \$13.02 for 2024 per 100 cubic feet of water consumption per bimonthly billing period.

Provided, there shall be a minimum charge of \$189.62 for 2023 and \$202.51 for 2024 per bimonthly billing period.

For purposes of this Section 4, "non-residential structure or facilities" shall mean any structure or facility not governed by Section 2 or Section 3 of this ordinance and shall include, but not be limited to, any commercial, industrial, business, trade, school or municipal structure or facility.

Section 5. King County/METRO Charges. In addition to these rates and charges for sewerage service established in this ordinance, or otherwise established by the City, the following King County/METRO charges are imposed to ensure

compliance with Section 1284 of the Clean Water Act (33 U.S.C. 1251 et. seq.) and 40 CFR Part 35, Ch. I Subchapter B (Grants for Construction of Treatment Works):

A. A "surcharge" in an amount to be determined as provided in Title 28 of the King County Code, Chapter 28.84, as now constituted or hereafter amended, said charge to be added to the customer's regular bill.

B. An "Industrial Cost Recovery (ICR)" charge in an amount to be determined as provided in Title 28 of the King County Code, Chapter 28.84, as now constituted or hereafter amended, said charge to be billed separately to qualifying industrial customers on an annual basis.

C. An administrative charge of \$17.11 shall be added to each customer bill that contains a King County/METRO "surcharge" or "ICR charge."

D. The City of Bellevue, in cooperation with King County/METRO, shall maintain such records as are necessary to document that its sewerage charges comply with the above-cited federal laws and regulations and King County/METRO regulations.

Section 6. User Charges. The charges for each user shall be the sum of any applicable charges under Sections 2, 3, 4 and 5 multiplied by the percentage indicated below for that city or town:

Bellevue	105.4856%
Clyde Hill	110.3273%
Hunts Point	107.2506%
Medina	111.6079%
Yarrow Point	105.4856%
All Other	100.0000%

provided that the percentages set forth above may be administratively adjusted by the Utilities Department Director to reflect any increase or decrease in any franchise fee required to be paid to such city or town by the Utility.

Section 7. The Utilities Department Director shall have authority under this ordinance to adopt procedures necessary for the efficient and equitable administration of the sewer rate structure.

Section 8. Severability. If any section of this ordinance, or any portion of any section of this ordinance, or its application to any person or circumstance, is held invalid, the remainder of the ordinance or the application of the provision to other persons or circumstances, shall not be affected.

Section 9. Repeal. Ordinance No. 6553 is repealed as of January 1, 2023; provided, however, that any charges made for sewerage service under Ordinance No. 6553 are not invalidated by the repeal of that ordinance.

Section 10. Effective Date. Sections 1-9 of this ordinance shall take effect on January 1, 2023, shall apply to service provided on and after that date and shall supercede all existing schedules of charges as of that date. The specific sewerage service charges for 2023, as hereinbefore indicated, shall take effect on January 1, 2023 and shall remain in effect through and including December 31, 2023. The specific sewerage service charges for 2024, as hereinbefore indicated, shall take effect on January 1, 2024, and shall remain in effect until amended by the City Council.

Section 11. This ordinance shall take effect and be in force five (5) days after its passage and legal publication.

Passed by the City Council this 21<sup>st</sup> day of November, 2022, and signed in authentication of its passage this 21<sup>st</sup> day of November, 2022.

(SEAL)

  
Lynne Robinson, Mayor

Approved as to form:

Kathryn L. Gerla, City Attorney

Brian Wendt, Assistant City Attorney

Attest:

Charmaine Arredondo, City Clerk
