RESOLUTION NO. 910

A RESOLUTION supporting the use of the Bridle Trails State Park for horsemen and as an undeveloped wild area.

WHEREAS since 1932 the Bridle Trails State Park has been a park of rich natural beauty, enjoyed by thousands of residents of the State, including horse-loving enthusiasts; and

WHEREAS in reliance upon the existence of, and such continued use of the Park, many persons have built homes in the vicinity, acquiring parcels of land of suitable size to accommodate caring for a horse; and

WHEREAS to now change the use of the park from that of an undeveloped wild area and one used by horsemen, to a more intensive use would lessen the natural beauty of the park, and damage the residents in the area who have located there relying on such use; now therefore

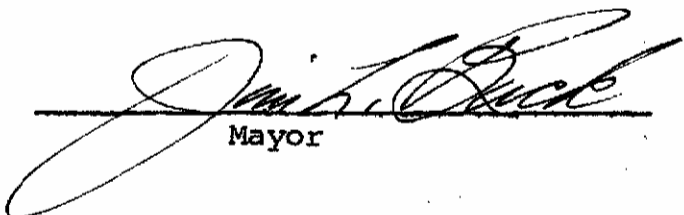

BE IT RESOLVED by the City Council of the City of Bellevue, Washington:

Section 1. That the Council does hereby go on record as supporting the using of the Bridle Trails State Park for horses and horsemen, and as an undeveloped wild area.

Section 2. That the Council does urge the State Parks Commission to continue the present use of the Bridle Trails State Park.

Section 3. That a copy of this Resolution be transmitted to the State Parks Commission.

PASSED by the City Council this 24th day of April, 1962, and signed in authentication of its passage this 24th day of April, 1962.

RESOLUTION NO. 913

Authorizing filing of application with the United States of America for an advance to provide for the planning of public works under the terms of Public Law 560, 83rd Congress of the United States, as amended.

WHEREAS, City of Bellevue, a municipal corporation, (herein called the "Applicant") after thorough consideration of the various aspects of the problem and study of available data has hereby determined that the construction of certain public works, generally described as:

The site development plans and programme for a civic center building group including but not limited to a City office building, a district court, a public library and a community forum, and specific construction plans and specifications for as many of these facilities as can be programmed for current construction

is desirable and in the public interest and to that end it is necessary that action preliminary to the construction of said works be taken immediately; and

WHEREAS, under the terms of Public Law 560, 83rd Congress, as amended, the United States of America has authorized the making of advances to public bodies to aid in financing the cost of engineering and architectural surveys, designs, plans, working drawings, specifications or other action preliminary to and in preparation for the construction of public works; and

WHEREAS, the applicant has examined and duly considered such act and the applicant considers it to be in the public interest and to its benefit to file an application under said act and to authorize other action in connection therewith;

NOW, THEREFORE, BE IT RESOLVED BY the City Council, the governing body of said applicant, as follows:

1. That the construction of said public works is essential to and is to the best interests of the applicant, and to the end that such public works may be provided as promptly as practicable it is desirable that action preliminary to the construction thereof be undertaken immediately;
2. That the administration of the City of Bellevue be hereby authorized to file in behalf of the applicant an application (in form required by the United States and in conformity with said act) for an advance to be made by the United States to the applicant to aid in defraying the cost of plan preparation for the above described public works, which shall consist generally of:

The site development plans and programme for a civic center building group including but not limited to a City office building, a district court, a public library and a community forum, and specific construction plans and specifications for as many of these facilities as can be programmed for current construction.

- 3. That if such advance be made, the applicant shall provide or make necessary arrangements to provide such funds, in addition to the advance, as may be required to defray the cost of the plan preparation of such public works;
- 4. The said administration of the City of Bellevue is hereby authorized to furnish such information and take such action as may be necessary to enable the applicant to qualify for the advance;
- 5. That the officer designated in the preceding paragraph is hereby designated as the authorized representative of the applicant for the purpose of furnishing to the United States such information, data, and documents pertaining to the application for an advance as may be required; and otherwise to act as the authorized representative of the applicant in connection with this application.
- 6. That certified copies of this resolution be included as part of the application for an advance to be submitted to the United States.

INCANDESCENT POWER & LIGHT COMPANY, herein called "Company", and the City of BELLEVUE, a municipal corporation of the State of Washington, herein called "City", agree as follows:

FIRST: This contract covers incandescent street lighting service only.

SECOND: The City agrees for a period of ~~..199...~~ consecutive years, beginning February 2., 1962., to buy exclusively from the Company at the rates herein fixed all electric current required for incandescent lighting of the streets, avenues, alleys and other public places of said City, and the Company agrees during said period to furnish all such electric current and for the same consideration to install overhead street lights and to maintain lamps and equipment as herein specified.

Such electric lighting service shall be furnished each night continuously from dusk to dawn.

THIRD: RATES.

1. Overhead Street Lighting Service:

Following is the schedule of rates applicable to this service, same being Schedule 50 of the Company's Electric Tariff No. 50, filed with the Washington Public Service Commission:

Fixtures and reflectors as classified in above rate schedule are to conform with the Company's engineering standards. Shades or refractors shall not be required, except as provided for in type of fixture to be installed. Where the rates per lamp are the same for different types of mountings, the Company shall elect the mounting to be used.

All lamps and equipment furnished or used for the rendition of this electric service are understood to be and remain the property of the Company unless otherwise specified.

All existing lamps and street lighting equipment shall be continued in use without change, unless the City orders an improved type of fixture or installation as shown on the rate schedule included herein and of equal or larger size. The Company reserves the right to change lamps, lamp location and/or equipment to provide an equal or improved street lighting system where distribution line modernization or replacement is necessary.

Lamps once installed shall not be abandoned during the life of this contract but the Company shall at the expense of the City change the location of any lamp whenever directed by the City, and the size of the lamps may be changed by the City from time to time by notifying the Company in writing. Additional lamps shall be installed by the Company, when and where designated by the City; provided, line extensions shall not exceed five hundred (500) feet of circuit on existing poles for each additional lamp.

2. Ornamental Street Lighting Service:

Following is the schedule of rates applicable to this service, the same being Schedule No. 52 of the Company's Electric Tariff No. A..., filed with the Washington Public Service Commission:

6,000 lumen	25.20
10,000 lumen	40.80

The Company will supply the current, lamp renewal, glassware cleaning, and replacement and all maintenance of system, normal wear and depreciation excepted.

FOURTH: Lamps of standard pattern and of a type in general use for street lighting purposes shall be furnished and maintained by the Company under this contract and, upon notice of burn out, shall be promptly replaced.

FIFTH: Said rates are subject to change in accordance with the laws of the State of Washington and whenever a new schedule of rates for the same service is made effective the City shall thereafter pay the new rates; provided, if the new rates are higher than those herein fixed, the City shall be entitled to cancel this contract.

SIXTH: Bills will be rendered under this contract in accordance with billing periods provided in Schedule 80 of this Tariff and annual charges specified herein will be prorated accordingly. Such bills are due when rendered and past due ten days thereafter.

SEVENTH: The Company shall use reasonable diligence to furnish uninterrupted service but shall not be liable for interruptions caused by strikes and/or other labor disputes, accidents or acts of God or by any cause beyond the control of the Company, or by the necessity for making repairs or changes in the Company's equipment and facilities, and the City waives and shall not assert any claims against the Company for damages to the City caused by any suspension, interruption, failure or curtailment of service by the Company under this agreement attributable in any manner to national war emergency, including voluntary cooperation by the Company in any method of operation or in any program recommended or requested by civil or military authorities. No temporary interruption shall cancel this contract. No charge shall be made for service during the period of any interruption unless the City is responsible therefor.

EIGHTH: The Company shall have the right to cancel this contract if any part of the Company's property used for the rendition of this service is taken by eminent domain, or if it can no longer be maintained by reason of franchise expiration and the inability of the Company to secure a renewal thereof.
